

A PRAYER MOVEMENT AGAINST COVID19

JANUARY 31, 2021

LEADERS GUIDE

- Find at least one church - preferably of another ethnicity to work with you. It can be more than one church in the leadership team.
- Contact the hospital chaplain and let them know of the event. Emphasize that wearing a mask and social distancing will be mandatory.
- Download and distribute the flyer and guidelines from the Healing Mississippi website to all churches in your area. Place flyer on social media.
- Do as many radio and TV interviews as possible. Place ads on radio and TV if possible. Request PSA's on the local radio station. Schedule a press conference with the local TV stations and newspapers. Have other pastor attend to support the press conference and Healing Mississippi event.
- Schedule ZOOM meetings with local pastors and leaders to inform them of the event and answer questions they may have.
- Download the order of service.
- Pre-determine the place you will congregate at the hospital. Healing Mississippi suggests you position yourselves across the street from the hospital (facing the hospital). This will help to not impede traffic or the flow of people entering the hospital. Create a sign or banner so people can find the gathering. **DO NOT PRAY INSIDE THE HOSPITAL OR TOO CLOSE TO THE ENTRANCE.**
- Masks and social distancing (5 feet) apart shoulder to shoulder facing the hospital is mandatory.
- Encourage people to bring worship flags, Shofars and whistles.
- Use a megaphone to direct people during the event.
- Event should not last more than 75 minutes if possible. **PRAY!**
